TERMITE SERVICE

- _____ Home has no visible evidence of termite infestation and/or damage-free treatment when a termite infestation is found. This is not a damage guarantee.
- _____ Home has a termite infestation, termite damage, inaccessible areas and/or evidence of previous infestation-free retreatment where live termites are found at least six months after the initial termite treatment (liquid treatment) or after colony elimination is declared (bait treatment). This is not a damage guarantee.

AREAS COVERED

The subterranean termite (*Reticulitermes spp.*) service and guarantee is limited to the specific structures listed on our proposal and diagramed (or appended). The graph includes only those areas that were visible and accessible at the time of the inspection and does not cover areas such as but not limited to areas that are enclosed or inaccessible, concealed by wall and ceiling coverings and insulation, floor coverings, furniture, equipment, stored articles or any portion of the structure in which the inspection would require removing or damaging any part of the structure
